

TRACK. MONITOR. OPTIMIZE.

COMPANY PROFILE

About

Track Ride GPS Tracking Solutions L.L.C

Track Ride GPS Tracking Solutions L.L.C provides advanced vehicle tracking and fleet management solutions designed to help businesses across the UAE operate smarter and safer. Our platform combines modern telematics technology with intuitive analytics, giving you the tools to monitor your fleet in real time, improve efficiency, and reduce operational costs. Whether it's a single vehicle or a large fleet, our solutions offer full visibility and control over every asset, ensuring reliable performance and peace of mind.

Built on a robust cloud-based system, our services integrate cutting-edge tracking technology with user-friendly dashboards and powerful reporting tools. This allows businesses to optimize routes, track driver performance, and protect their vehicles effortlessly. With experience spanning the UAE and the GCC region, we focus on delivering high-quality, locally-tailored solutions while maintaining global standards in technology and service.

Our History

Track Ride GPS was founded to meet the growing demand for accurate vehicle tracking, fleet visibility, and asset security in a fast-moving world. As mobility needs evolved, the company introduced smart, technology-driven telematics solutions tailored to the UAE market.

Starting with core GPS tracking services, Track Ride GPS expanded into comprehensive fleet management, fuel monitoring, driver behavior analysis, and compliance-ready systems. Today, it is a trusted partner for businesses across multiple industries, delivering reliable, real-time insights that improve safety, efficiency, and operational control.

Our Services

Track Ride GPS offers a complete range of telematics solutions for businesses across the UAE and GCC. Our platform helps optimize fleet operations, enhance safety, and manage costs efficiently, providing real-time monitoring and intelligent analytics for better control and informed decisions.

Our Mission

Our mission is to deliver intelligent, reliable, and cost-effective GPS tracking and fleet management solutions that help businesses operate more safely and efficiently. We aim to simplify daily fleet operations through innovative technology, real-time monitoring, and actionable insights, while supporting responsible driving and sustainable practices.

Our Vision

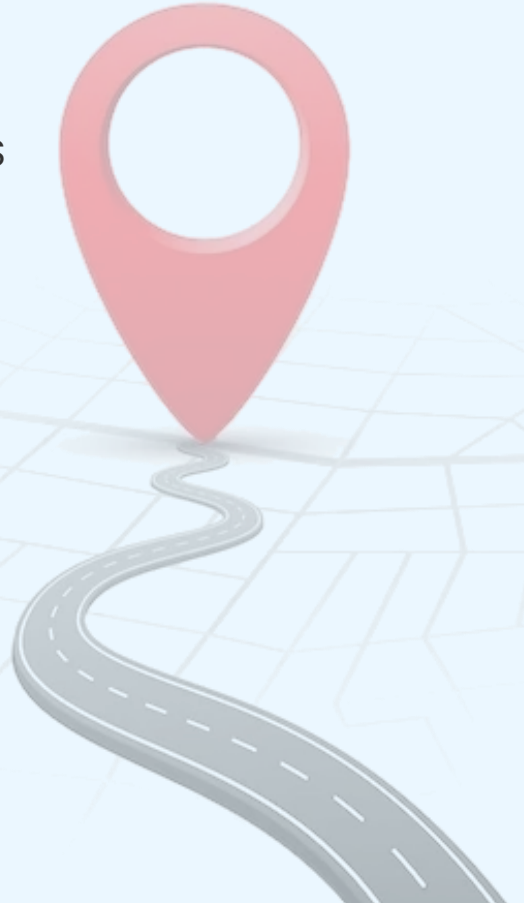

Our vision is to build smarter and more connected fleet ecosystems that empower businesses of all sizes. By continuously advancing our technology, we strive to become a trusted global partner in asset protection and fleet optimization, enabling secure, efficient, and future-ready mobility anytime, anywhere.

Why Choose Us

Track Ride GPS Tracking Solutions provides reliable, real-time GPS tracking and fleet management across the UAE. With UAE-wide coverage, advanced telematics, and customizable plans, we help businesses and individuals improve safety, efficiency, and asset visibility.

- ✓ 24/7 UAE-Wide Coverage & Support across all Emirates
- ✓ All-in-One Platform to track vehicles, bikes, vessels, and equipment
- ✓ Real-Time Tracking & Alerts with live data, history, and route reports
- ✓ Theft Protection & Security Notifications for complete peace of mind
- ✓ Flexible, Cost-Effective Plans tailored to your needs and budget

10+ Years of GPS & Fleet Tracking Expertise
